Wellness Program

WELLNESS PROGRAM

- The Baldwin-Woodville Area School District is excited to provide employees a comprehensive wellness program focused on helping you to improve your health and live a longer, healthier, disease-free life.
- Through this personalized program, the District provides employees and their spouses (if covered on the medical plan) the opportunity to complete a confidential online health assessment and a wellbeing program in order to receive a preferred benefit for the 2017-2018 plan year.
- Health plan members (employee and spouse) who take advantage of this opportunity to complete an assessment and program between July 1, 2016 and March 31, 2017 will receive a deductible differential for the 2017-2018 plan year!
- Note: Earning the preferred benefit guarantees that your deductible will be less (\$250 individual or \$500 family) than the deductible of a member who chooses not to fulfill the Health & Wellbeing plan requirements. It does not mean that your deductible will be less than it is today.
